TAG: At the end of walls 2, 6, and 12 do the first 8 counts (the reverse rumba box), then walk in half-circle to L for 8 more counts. At the end of the dance, which is wall 14, you will do the tag one more time, but this time just walk forward. You will be facing 12:00.

After listening to the music several times, you will become aware of when the tag occurs without having to count walls. You will hear an extra loud KNOCK sound as you're doing the reverse box, which is your cue.
