 7&8 Step L out to the left, touch R to L, step R out to the right

[Repeat Part A until music ends]

Notes:

\*Part C is a modified version of Part B with the following changes:

After B-[Count 12], an additional step is added to take weight on L and 3 R toe touches are added instead of the ball-drag and the dance skips immediately to B-[Count 19].

It proceeds as usual from B-[Counts 19 - 44], whereupon a new set of steps is added, ending on C-[Count 66].

Count numbering in Part C reflects the alteration caused by the change in steps, but C-[Counts 1 - 12] and [15 - 40] are the same as B-[Counts 1 - 12] and [19 - 44]

\*The second time you do Part C, you only do 40 counts before doing the tag

\*The final time you do Part A, you continue to dance it until the music ends, around A-[Count 64]

\*The 3/16ths in the Tag may seem a little silly; essentially, you are dividing a 1½ turn evenly over 8 turns during 8 counts. 3/16ths is the even division, but do it however so long as you can go 1½ turns within the 8 turns/counts.
