**To Finish the Dance facing 12 o'clock – Better Known as the Front Wall**

The 3rd time the dance is done on the 12 o'clock wall the dance will be short one count.

So during the 4th set of 8 counts (25-32) dance counts 1 thru 6 exactly as written above. On Count 7 instead of making a ½ turn left, make a ¼ Turn Left to face the front wall as you step on your Right Foot. (You'll hear the door slam on count 7 – so as you make the ¼ turn, use your right hand to pretend you're done too and give that door a slam!)
