## STYLING NOTES:

The toe taps on the first 4 counts should be BIG, well across and behind.
Between counts 14 and 15 introduce a small "spring" or "hop" into your step. This should also be done as you change weight on the " $\&$ " count on 27\&28.
Being an Irish style of dance, the hitches and hooks should be high and tight. The forward toe taps should be executed with the leg and ankle straight out.
