REPEAT

RESTART

On 3rd wall, dance the first 30 beats and then pivot $\frac{1}{4}$ turn left, you will shuffle forward left-right-left and instead of stepping forward right-left, you make the $\frac{1}{4}$ left turn to the back wall with a pivot stepping right-left and restart the dance to the back

Dance finishes facing the front on the left cross tap. I like to click the fingers at shoulder level on the cross tap, but that's purely optional
