- 29 Step left to side
- 30 Rock right behind (in 5th position) body turned to right diagonal

Steps 28 to 30 imitate the ladies ballroom whisk step

## ARCHED WALK ¼ TURN LEFT, WALTZ STRAIGHT BACK

- 31 Curved long step forward left starting to turn ¼ left

32 Step forward right continuing arched curve towards left wall

33 Step forward left completing turn (end facing left wall)

**Step 31 to 33 arch in a circular curve from the behind diagonal to left wall**

**Steps 31 to 33 imitate the ladies ballroom wing step**

34 Step right back

**Right is already back. Just step back slightly more**

35 Step left besides right

36 Step right in place

### **REPEAT**

You don't have to apply the optional turns, only do them when they feel natural. Too many together will make you dizzy.

This can also be a partner dance. The man does mirror steps in closed western position up until steps 28-30.

When he opens the position by

28 Forward left

29 Side right

30 Rock left behind (in 5th position) body turned to left diagonal

31-33 **MAN:** Hold and lead

**LADY:** Arched walk round to his left side

34-36 As the lady moves back, man resumes closed position on the spot (left in place (34), step right together (35), left in place together(36)).
