There are 2 breaks in the music: the 1st for 8 counts (C8), and the 2nd for 4 counts (C4). For C8, the break comes at the end of an instrumental section when you are doing part A. During the break just bump your hips for 8 ending with weight on left foot to go into part A again (verse). For C4, the break comes after a verse when you are doing part A. Again during the break just bump your hips for 4 ending with weight on left foot to go into part B (chorus). You can hear a change in the music when the breaks arrive.
