## REPEAT

For Peer Gynt's music only we must do the 10 walls of the dance as follows:

48, 48, 48, 48, 48, 48, hold and count 4 beats, 48, 40 then start over, 48

At the end of the 7th wall (now facing right wall for second time) you will complete 48 counts then hold and count to 4 as he yells "whoa"! Then on the next wall (back to the front for your last time) you will do 40 steps (skip the last eight steps 45-48) and start dance over again. Then you dance the last 48. And the dance is over.
