## **TAG**

The following tag is to be used only when dancing to the song "Space Cowboy" by NSync  
After completing your 8th wall, you will be facing the front wall. Dance the following 32 steps then resume the dance from beginning  
For the following steps to end correctly all odd numbered lines must go back during counts 1&2, and 3&4, and forward on 9&10 and 11&12. All even numbered lines will go forward during 1&2, and 3&4 and back on 9&10 and 11&12, although actually dancing the same steps. You will pass forward or back through a window between the people either in front or in back of you, so lines should be staggered. All lines do the entire rest of the tag exactly the same
