## REPEAT

For a fun variation & total (organized) chaos on the dance floor, try the Out of Line Dancers' "bumper cars" version of the dance. For the 1st 16 counts of each wall when doing the forward shuffles, try shuffling forward or backward going in ANY direction, watching that you do not collide with any other dancers, ending facing the correct wall to do your ½ left pivot turn. Complete the dance as written, and then start over again traveling anywhere on the floor, looking out for the other "bumper cars"!
