Option: instead of a cross shuffle (7&8), you can do a full turn right stepping: left, right, left (cross over right)

## REPEAT

## RESTARTS

Walls 2 and 8: dance counts 1-36, then restart to beginning of dance

Wall 7: dance counts 1-26 (with a right sailor point instead of sailor step), then restart to beginning of dance

The speed of the song can vary depending on perspective, it feels double time during counts 1-16, and feels slower on the rest of the dance. The famous 4x claps in the song will hit the hip sways (15-16) then slow yourself down for the next section of the dance

If you find it easier, you can think of it as a 32 count dance using counts 1&2&...8& etc. (but in reality it's still done on the whole beats)
