REPEAT

ALTERNATE MOVE FOR COUNTS 27-28

Those having difficulty with the full turn can eliminate the cross and turn and instead step right (27) and step left (28).

FOR INTRO ONLY

The first 64 counts of the vocals are at a much slower speed. Perform dance the same during intro but following end of second wall eliminate counts 28-32 and instead turn one half left to original starting wall. A brief pause in the song at count 32 allows you to raise hands and snap your fingers as if to switch the song to "energizer" speed. Begin the dance again at original first wall at full speed.
