61-62 Step right forward, pivot 1/8 turn left ending with weight on left
63-68 Repeat counts 61-62 three times

Start dancing again from the beginning of PART A

SEQUENCE:

I used the version of the song that is on most US copies of the "Shepherd Moons" CD. This version has lyrics in both English and Gaelic. A rough breakdown of the song:

I. Introduction

II. First Verse (English lyrics)

III. Bridge (Gaelic lyrics)

IV. Second Verse (English lyrics)

V. Interlude (Ambient section)

VI. Third Verse (English lyrics)

Start dancing with the vocals. This will be eight counts after the music speeds up (for the English language "Shepherd Moons" version). (the count-in may be different if you have another version of the music - for example, the version used in the movie "Far and Away" for the closing credits has an extra eight counts before the vocals.)

Phrasing instructions:

I. Introduction (Wait for the dance to start)

II. First Verse (Do all of A plus the first 22 counts of A)

III. Bridge (Do all of B)

IV. Second Verse & transition to Interlude (Do all of A plus the first 18 counts of A)

V. Interlude (Do all of C)

VI. Third Verse (Do all of A twice, then do the first 10 counts of A. Strike an ending pose after count 10 (you have just turned to face front)) The dance ends when the song ends.

The toughest part of the song is the fourth pattern of A. You need to keep dancing at the same speed while the song does not provide a steady beat for you to follow.
