**Tag/Restart on 9th wall ? The ?Tricky? Bit: This occurs at the end of the 3 o'clock wall the 3rd time through. Dance as written changing the final two counts to 2 walksforward which will leave you facing 12 o'clock/home wall. Start the dance again from the beginning and just dance through everything ? LeAnn will be wailing away at this point ? this takes a little practice. You will complete the front wall, and then start the 3 o'clock wall getting as far as completing the first 8 counts which will bring you to your home wall. End here with the music**
