Please take note of 3 things:

***1) First Restart**

On Wall 2 after 16 Counts of the dance (after the Rock, Recover, ½ Shuffles), Restart the dance.

***2) Second Restart**

The music changes and the beat stops at the 7th wall, just before the last eight of Sailor Steps, facing the back wall. Stop and groove on the spot and when the beat starts again, count 16 counts and start the dance from the top. Or,...since the music is really long, you could fade out when you get to that part.

***3) The original version. (3.26)**

If you use the original version, the intro is 32 Counts and then you will only have the 2nd Restart at the 7th wall. Or you could fade off the music and avoid the Restart all together.

Enjoy!
