This is a bright little piece of music from the wonderfully funny Topp Twins who hail from N.Z. The dance itself is a good teaching tool and should appeal to all of you dancers out there who consider yourself to be "average"...like I do!

If you can't manage the section from count 32 to the end then don't fret, just do that part of the dance until you

can manage the rest.

However you do it, I hope you enjoy it – and the music. Keep dancing and keep smiling.

See you on the floor sometime..... Jan
