

Sweet Taboo

Count: 32

Wand: 2

Ebene: Intermediate Samba Rhythm

Choreograf/in: Michael Barr (USA) - June 2011

Musik: The Sweetest Taboo - Sade

Note: Below you will see there are 3 Samba sets of 8 that use the count of 1a2.

For yours truly and maybe many others the difference in this count and the more familiar count of 1&2 is pretty subtle.

But the more I dance the Samba rhythm the more I feel the difference.

As an instructor I also like the cadence of the "a" as it conveys to the dancer more of what the rhythm feels like. I look at it this way.

The count 1&a2 has 4 parts.

If you take the "&" away you would dance the 1a2. The "a" is after the "&" so just wait for the "a" to happen and you're on the beat.

Also, I think of the count 1a2, 3a4, etc., as Down-Up-Flat, Down-Up-Flat..... Counts 17-24 are counted 1&2 because the steps are not true Samba steps.
