5-6-7-8 Walk forward right, left, step forward on right and turn 1/4 to left. Step on left. (9:00)

**\*2 mandatory Restarts to keep dance going with music. (I heard that groan)**

**~1st RESTART**

After dancing all four walls you are back to 12:00 during the first chorus. On the word "crazy" you restart. This is the first time he sings the word crazy. The restart is right after the teters. The songwriter dropped the last 4 cts of this particular phrase so we drop the last 4 cts of our 16 ct segment.

**~2nd RESTART**

Same scenario. You are facing 9:00. On the second chorus of the song when singer sings "crazy" you restart. Restarting right after the teters. An extra hint: this is second time "crazy" is in song.
