NOTES:-

Keep the POINTS and BRUSH/KICKS crisp, and the shuffles that are combined with these steps reasonably small.

The shuffles can be more vigorous when travelling toward the 1/2 Pivot.

Towards the end of the song it slows down (ritardando), just slow the dance steps down to fit with the music, it will go back to its original speed right afterwards

JUST FOR FUN try two lines of dancers facing each other alternately about 8 feet apart
