The story behind the dance

I compile the World DJ Dance Chart, and while inputting some data I noticed these two dances next to each other-

“One Foot” by Dan & Addison Albro and “Perfect” by Alison Johnstone & Josh Talbot

So I thought, put the two together and there’s a good title for a dance.

So it was written completely backwards – title first, then the steps and then some music to fit, which had to have “Foot” in the title.

So you do some steps with one foot, which are “perfect” and then do mirror image with other foot, which are invariably “imperfect”

Hope you have as many laughs as our class did learning the dance.
