ENDING

When the song ends (which coincides with the end of the choreography) say the word TU, at this time with our right hand we will point to our partner in front to finish

CONTRA-DANCE

The choreography is designed to be done in contra-dance, during the first 8 steps it will be at the moment that we will cross each other changing places, we will always pass by the left of our partner in front, that is, joining the right shoulders of both

Tip: when we do the hip sways we must be in front of our partner
