**On the second 9:00 wall (6th rotation) just after the left vine, continue with S1 walk forward during the four count silence
and the beat return for the Lf rocking chair on the right.

***Finish option: At 3:00 on 12th wall, dance to step 4 (R touch) of S2 with bent knee,
(5) extend R open palm forward 3:00 and L to the left looking to 12:00 for final count 5.

This dance is designed to focus on touches and change of possible step direction.
Using the reverse option, I tell my dancers the right side lead is forward, left side is back.
