There are (2) restarts in this dance.

R1: WALL 3: The first restart occurs after the first 8 count of Wall 3. You will be facing 3:00 and will need to

take a step in on your RF on "&" (the first step of your "in-in" from the second 8 count). You will have your LF prepared to restart from the beginning of the dance.

R2: WALL 4: The second restart occurs after the fourth 8 count of Wall 4. You will be facing 12:00 and will have just completed the "unwind." Be sure to have your weight on your RF, so that you may step forward with your LF to restart from the beginning of the dance.
