I hope they like this fun song and routine. It helps with their coordination and is good for the memory. If they tire of this song, you can do it with any 32 count song with no tags. Enjoy! I have no problems if you have to change it a little to fit the class. I teach a chair class and know that everyone is different, so I adjust things to fit them. If you have any questions, please contact me and I'll help you if I can. mygeo@adamswells.com or mygrantg@gmail.com
