Note: You can alter this dance into a circle/contra Linedance, with a few changes:

- 1. Start with two circles. The outside circle facing the middle, and inside circle facing the wall.
- 2. You then start the dance walking through the gaps between the people in front of you and passing them back to back.
- 3. At section 2, while doing the first claps, clap your hands together with the person that is now on your right side.
- 4. Do two regular Jazz Box with no turn at section 3.

Take a look at the official explanation video for further help.

And as always: Enjoy!
