

# Hello Miss Johnson

**COPPER** **KNOB**  
BY STEPSHEETS

Count: 32

Wall: 1

Level: Improver

Choreographer: B-LUV (USA) - February 2025

Music: Hello Miss Johnson - Jack Harlow

I believe soul line dances are usually learned by watching people dance it and memorizing the steps and how they fit the music, making strong musical muscle memories. This dance, fortunately, also lends itself to being counted and written into a step sheet for other learning preferences. The counts are based on the music. During the "freezing" described below, some dancers put their hand up to their ear as if answering the phone.
