REPEAT

TAG 1

Two extra beats to dance that occur between beats 24 and 25. These are danced during the chorus of the song on the 3rd and 5th walls:

FULL TURN LEFT

- 1 Turn ½ turn left stepping right back, turn ½ turn left stepping left forward

RESTART

Occurs while you are dancing the 4th wall. Dance up to beat 16 (cross unwind full turn) and restart dance

from beginning

After dancing the first 5 walls (including the restart wall), dance through until the end. There are a few times when you will feel like you should restart again but I felt that "over-phrasing" would spoil the effect of the dance, on the whole

ENDING

You will have 4 beats to dance at the end. Simply rock onto the right foot to face the front
