REPEAT

TAG

At end of dance music will stop before last 4 counts. Complete the last section up to count 56. Then omit the last 8 counts and add this section

1-2 Right step forward, pivot $\frac{1}{2}$ turn left

3-4 Right step forward, pivot $\frac{1}{4}$ turn left stomp right

CONTRA

Start with lines facing each other. On steps 5&6 7&8 (shuffle forward) you shuffle through the line opposite you. On steps 13&14 15&16 (shuffle back) you shuffle back through the line behind you. On steps 29-32, walk through the opposite line and turn your half turn. You will now have changed sides. Dance through to 64 and start again. When you get to the $\frac{1}{4}$ turn you will then be moving in opposite directions. The $\frac{3}{4}$ turn at the end brings you back facing opposite line.
