REPEAT

In order to stay in time with the music the following must be added during the fourth sequence. (only Steps 1-8 remain the same.

Add, after stomps, a two count move. Recommended step:

9 Touch right toe forward.

10 Touch right toe back.

Then proceed with the dance steps 9-28.

This may seem to be out of place but after dancing to the song you will find it a comfortable addition.
