7&8& Rock right to right, replace to left, step right over left, step left to left

REPEAT

RESTART

After 2nd wall, do the first 8 counts replacing the "8" with 8& as a rock right to right, replace left then start the dance again. You'll be facing the front wall when this is done

TAG

After 4 walls after the restart (facing front again) there will be a 24 break of the music. Start with an 8 count walk around (360) ending on right, then roll shoulders slowly backwards left & right at the 16th count you will hear the word "feel", do a slow body roll from top to bottom then back up for about 7 counts placing weight to left. You will then hear 2 "da da" as counts 8& then start the dance on 1 as normal.
