13-16 Step left with left foot. Step behind left with right foot. Step left with left foot again. \*touch\* right toe home (or next to left foot). (this grapevine can be replaced with full spin, traveling funky chicken, or any moving 4 - count combo).

29-32 Step forward on left foot, hitch (or chug) right knee, step forward on right foot & rock weight onto right foot, step back on left foot

## QUICKLY TURNING ½ TURN RIGHT:

## ELVIS BOUNCING KNEE TWISTS:

37-40 \*Bounce\* right knee in toward body - twice, step forward with right foot, touch home with left. (these \*bouncing knees\* are to simulate Elvis' famous twist).
