Dance ends on count 32 ("until the sky falls down on me") (facing 9:00). There are then four beats left as the music fades - step forward on left, cross right over left and unwind ¾ turn to the left to face the front over two beats

The Intro count starts from the first guitar beat, just before Cascada sings "I'll be your dream". This is very faint so you may find it easier to wait until count 35 and use a count of 16 from the word "new" of the phrase "Because I'm counting on a "new" beginning"

At the start of wall three the music fades for a count of 8. Just keep going. You will hear it return as you do steps 11&12 (right shuffle forward)
