REPEAT

There is an odd 16 count instrumental after the first chorus when dancing to "I'll Think of a Reason Later". To make it flow better add in these 16 counts after dancing the dance through 4 complete times. You should be facing the front wall again at this point.

- 1-2& Step forward on to right heel with right toe turned in, grind heel so that the right toe is turned out and you have completed ¼ turn to right, step back so that weight is on back left foot.
3-4 Rock back on to right foot, rock forward on to left foot.
5-16 Repeat the above 4 counts 3 more times so that you end up facing the front wall again ready to start the dance from the top.

This bridge is only added in when dancing to "I'll think of a Reason Later" and it is only added in at this one point.
