LADY: Rocks back on left foot

7 **MAN:** Sidesteps left foot to the left (¼ turn to the right)

LADY: Recovers forward on right (¼ turn to the right)

8 **MAN:** Recovers forward to right foot (¼ turn to the right)(very little right foot movement here)

LADY: Steps left foot across in front of man and then pivots ¾ turn (on left toe) to the right to promenade position

REPEAT

You can really put a lot of "tango styling" in this. (or "fun" style). This can be done side by side with the line dancers without any problems.
