## REPEAT

## RESTART

In the music, towards the end of the dance, she sings "if he loves me, if he loves me not". That's your hint that the restart is coming up soon. Then she will sing "How will I know" a few times. After that she says "hey hey hey" then the chorus comes in. Restart with the chorus there. In the steps the restart comes right after the 1st 16 counts of the dance. So you will do the

- 5-6 Step left foot out to the left side, recover the weight onto the right foot
- &7-8 Quickly step the left foot next to the right, side rock the right foot out to the right side, recover weight onto the left foot

**Then you start again. The restart should occur facing the back wall**

**Special Thanks to Sammi Jo for the song suggestion**
