IMPORTANT NOTE

Some dance venues have the couples substitute the last four counts of the dance with two step touches. The dance will work as long as all the couples use the same variation on the same dance floor regardless of which one you want to use. The reason why is to prevent the couples from running into each other and I sincerely apologize for any inconvenience. Here is the other variation

- 29-30 Step the right foot forward, touch the left toe beside the right foot
31-32 Step the left foot forward, touch the right toe beside the left foot"
