- 1&2&3&4 With right foot beside left foot sway hips left, right, left, right, left, right, left (weight ends on left foot) - then restart at the beginning

You will dance a further 4 sequences (32 counts each), then there is another 4 count tag after you step the left foot forward on count 32. For this just add the 4 count hip sway tag as above. Then restart again from the beginning and dance till the end of the music

When dancing to the "Jewels & Stone Mix" (track 2) on the single, dance 2 more sequences after the second tag then add the 4 count tag with hip sways again; then restart from the beginning and dance to end of music
