**On this 4-count double-pivot, arm positioning or turn may be as follows**

**A) man releases lady's left hand, bringing right hand up & forward & over lady's head through 1st pivot. Having turned, man now picks up lady's left hand with his left, releasing lady's right hand. Through 2nd pivot, man brings left hand up & back over lady's head, finally retaking lady's right hand with his right at lady's right shoulder, thus returning to side by side**

**B) man releases lady's left hand, bringing right hand up & forward & over lady's head through 1st pivot. As man & lady step toward 2nd pivot, man lifts held right hands and brings them up & forward & over his head; after 2nd pivot, man returns held right hands to lady's right shoulder, finally retaking lady's left hand in front with his left, thus returning to side by side**
