61-62	Step back on left, cross right over left
63&64	Triple step to the left (left-right-left)

REPEAT

To have the dance fit the phrasing, you will need to start the dance at count 33 when the singer starts to harmonize after the instrumental solo. To make it easy on yourself the change to step 33 happens after you have completed exactly 5 sequences. The dance will end facing the original starting direction on step 64. Finish the dance by stepping right foot across in front of left.
