### **REPEAT**

This ends the 64 count version

### **FOUR WALL VERSION**

For the song "Take It Back" by Reba McEntire, the "16 Count Add" should be put in at the end of the third and fifth time that you repeat. This song ends with a left stomp at the end of the step points (on the 1 count). This is the song the dance was originally choreographed for.

### **ONE WALL VERSION**

For any phrased song (32 beats), leave the 16 count add in all the time which makes it a 1 wall dance.
