*There is a restart after count 24 on wall 3

This is a tricky little dance but because I love the song so much I just had to persevere with it. It's really slow, and that makes it harder.

You know, anyone can do a fast dance because you can fudge the steps, but to do a slow dance properly you need to execute your steps properly, and you need to have good balance and timing And all of that takes lots of practice!

Have a go and see what you think... it may not be as hard as I think!

See you on the floor sometime.... Jan
