The way it works...

Start by making two lines down the middle of the hall..

opposite your partner

Decide which line will be A-Team, and which B-Team. (ie: A-Team are the people on the right side of the hall)

Turn round, so you are back-to-back with your partner (the first four counts are moving away from your partner towards the wall)

- 27-28 Right Step to right side, Touch left beside clapping hands with the person in front
- 29-30 Left Step to left side, Right Step beside left
- 31-32 Left Step to left side, Touch Right beside left clapping hands with the person in front

## STEP SIDE, TOGETHER, STEP BACK, TOGETHER, WALK FORWARD (CHANGING SIDES)

- 33-34 Right Step to right side, Left Step beside right, (A-Team hold hands with person next to you)
- 35-36 Right Step Back, Left Step beside right
- 37-38 Right Walk forward, Left Walk forward (Lift arms for B-Team to pass under)
- 39-40 Right Walk forward, Left Walk forward

## START AGAIN

The tricky bit:

During counts 33-36, the A-Team holds hands with the person beside them, and raise their arms

The B-Team passes under the arch as you all walk forward during counts 37-40.

On the next wall it's the B-Team who holds hands while A-Team passes under...

Sounds complicated but it makes sense once your all lined up.. Each side taking turns to hold hands and

make the arch.
