**RESTART – On Wall 6**

On Section FOUR, count "6" and count "7" (after the right lock step fwd) becomes "hold" counts instead of a step forward (you will be facing 03:00)

As you are "holding", gently begin to "fall forward" slightly ready to make the restart, for styling and ease. Restart with the step left for count 1 (making a ¼ turn to 06:00 as you make that 1st count step)

Continue to the end of the dance!

**ENDING:** On the last wall, wall 8, dance the 1st section to the full turn but finish by turning  $\frac{3}{4}$  instead to face 12 o'clock to end.
