Tag: on wall 4 facing 9 o'clock the chorus will come twice back to back, so you will dance count 17-32 twice.

After that the chorus is absent so the dance continues with only the first 16 counts.

You finish the dance on wall 6 after dancing count 1-4. on the last count shoot your right arm up (with a fist) for styling.

Listen to the music and you will do this naturally... so just dance and have fun!!!!
