- 567&8 Left foot rock forward, recover back on right foot, L foot step back, R foot next to L foot, L foot step forward.

(2nd 8 counts) [Shuffle to the right, Left sailor recover during ¼ turn to left, Natural full turn, & triple step L, R, L.]

- 1&2 Right foot out, left next to right, right foot out to the right,
- 3 4 Left foot step behind right foot, Recover Right foot facing wall ¼ turn to left of home wall [9:00].
- 567&8 Natural full turn pivoting on left foot then right foot, Step forward left, right, left.

Repeat Dance and have fun with this line dance designed for the center of the floor while allowing the opportunity for partners to dance a double two around the outside! I hope this allows more venues to allow line dancers to enjoy line dancing in the center of the floor while providing extra opportunities for partner dancing that some locations seem to restrict to only twice a night.
