

Western Flamenco

COPPERKNOB
STEPSHEETS

Compte: 32

Mur: 4

Niveau: Improver - Flamenco - Country

Chorégraphe: DJ Jack (FR) - January 2025

Musique: Western Flamenco - Eddie Grey & Sean Duff

Arms: optional

My proposal is to move arms only on Flamenco¹ steps which include:

– Flamenco tap dance steps :

The dancer could simulate "adornos": an adorno (a word used in corridas²) is the way to wave a virtual torero's cape the dancer is handling;

– Other dance steps adapted to Flamenco style.

Just imitate the gestures of toreros³.
