**Compte:** 64

**Mur:** 1

**Niveau:** Advanced

**Chorégraphe:** Ejaya Johnson (USA) & Sean Dennis (USA) - February 2025

**Musique:** Bouncy (feat. Offset) - Shenseea

I believe soul line dances are usually learned by watching people dance it and memorizing the steps and how they fit the music, making strong musical muscle memories. This dance, fortunately, also lends itself to being counted and written into a step sheet for other learning preferences. The counts are based on the rhythm of the music. The dance starts 32 counts in. The dance starts on the second eight counts singing with a partial 8 count block, see Intro.
