### HIP BUMPS, HIP ROTATIONS

**On the first step, both partners turn slightly right to place man more behind the lady.**

33 Step right foot beside left, feet slightly apart and back and bump hips right

34 Bump hips right

35 Step left foot in place and bump hips left

36 Bump hips left

37-38 Begin 2 count hip rotation to the right in a ending with a slight bump left

**This bump is a cross between a hip lift and a hip thrust. It is intended to be suggestive, rather than forceful, as when a friend comes to the side of another and teasingly bumps them with their hip**

39-40 Begin 2 count hip rotation to the right in a horizontal plane ending with a slight bump left.

**REPEAT**
