## REPEAT

## RESTART

After 4 complete walls there is an instrumental section where you only do the first 24 counts of the dance. To be able to restart with the right foot, you need to make a small change. Count 23 becomes ¼ turn right

instead of ½ turn (facing the back wall). Count 24 simply becomes a backward slide with the right toes to touch beside left (weight stays on left foot)

#### **ENDING**

The music slows right at the end, if you try to match the tempo you should finish the dance at the very end of the music facing front
