Pretend you're writing the letter "c" with your hips. Weight ends up on left

REPEAT

RESTART

During the 3rd time you're doing the dance, you will do the $\frac{1}{4}$, $\frac{1}{2}$, $\frac{1}{4}$ turns, then the next 4 counts of the dance, then restart from the beginning. In other words, you leave off the last 12 counts of the dance. Although this is described as a 4-wall dance, because of the restart, you will only end up dancing to 3 walls
